📍 Jeddah, Saudi Arabia

SUMMARY

Information Technology graduate specializing in **networking, system administration, cybersecurity, and IT support**. Experienced in configuring and maintaining **Linux, Windows, and macOS** environments with strong programming ability in **Python, Java, C#, PHP, and SQL**. Certified **Penetration Tester (eJPT, eCPPT)** with hands-on experience in **troubleshooting, network management, virtualization, and web security testing**. Passionate about system reliability, cyber defense, and innovative IT solutions.

EXPERIENCE

IT Intern, *STC (Saudi Telecom Company)*   06/2024 – 07/2024
                                                                                                                      Jeddah
- Assisted in **network configuration, device setup, and troubleshooting** of routers, switches, and firewalls.
- Supported **system monitoring, helpdesk operations, and IT maintenance** for enterprise users.
- Observed **fiber installation, network testing**, and performance validation procedures.
- Documented network configuration steps and created internal knowledge-base articles.
- Recorded incident findings and optimized troubleshooting protocols to improve future support efficiency.

Key Tools: Cisco, Wireshark, Nmap, VMware, Windows Server, Linux (Ubuntu/Kali)

EDUCATION

Bachelor of Computer Science - Information Technology, *Islamic University of Madinah*   07/2020 – 06/2025
                                                                                                                      Medinah

SKILLS

Operating Systems
Proficient in Linux (Ubuntu, Kali), Windows Server/Client, and macOS administration

Networking
- Routers, Switches, Firewalls, IP Configuration, TCP/IP, DNS, DHCP, VLANs, Wi-Fi Optimization, Network Monitoring

Cybersecurity
Penetration Testing, Vulnerability Assessment, Network Traffic Analysis, Wireshark, Burp Suite, Metasploit, Nmap, VMware, OWASP Top 10, SIEM Basics

Programming
Python, Java, C#, PHP, Dart (Flutter), HTML, CSS, SQL, RESTful APIs, MySQL, Git & GitHub

IT Support & System Administration:
Troubleshooting, Maintenance, User Management, Virtualization, System Updates, Performance Monitoring, Active Directory, Server Configuration

Soft Skills
Teamwork, Communication, Problem Solving, Analytical Thinking, Adaptability

AWARDS & HONORS

National Cybersecurity & Coding Competition (NCCC 2024), *Imam Abdulrahman Bin Faisal University*   01/12/2023
- Achieved **6th Place** with the Islamic University of Madinah team.
- Competed in national **CTF challenges** focused on cybersecurity and programming.
- Demonstrated strong teamwork, analytical skills, and applied cybersecurity knowledge.

PROJECT

OnlineDesert Camping Rental Platform - Graduation Project, *Islamic University of Madinah* ↗   05/2024 – 05/2025
- Developed a **full-stack web application** for desert camp rentals using **PHP, MySQL, HTML, CSS, and JavaScript**.
- Implemented **real-time booking, user reviews, and loyalty features** using Agile methodology.
- Focused on **web application security**, database optimization.
